

Batch Cooker

Features

- High performance shaft set up for short batch times.
- Heated shell and shaft.
- Capacities up to 11.000 kg/batch.
- Less exposure to heat, causing a positive effect on the nutrient value of the end product.
- Strong underframe for easy installation and simplifies piping.
- Frame mounted gear reducer and drive for strength and rigidity.
- TÜV / PED / GOST R/GOST K/GOST B/GGTM Code construction for internal and jacket working pressure.
